

Škoda Superb

Luxury isn't about glitter or gold; it's about seeking and nourishing what's truly important. The Škoda Superb is a car that embraces true luxury with none of the clichés. With a sophisticated design, comfortable technologies, and endless practicality, it's a car that impresses with everything that matters. The Superb can satisfy even the most diverse demands for appearance and equipment, and is available in unique versions such as the exclusive Laurin & Klement, the stylish Sportline, and the rugged Scout. That's Simply Clever. That's Škoda.

Engines

Current as of July 2023

	1.5 TSI 110 kW	1.4 PHEV 160 kW iV	2.0 TSI 140 kW	2.0 TSI 206 kW	2.0 TDI 110 kW	2.0 TDI 147 kW
Transmission	6-MAN & 7-DSG	6-DSG	7-DSG	7-DSG (4x4)	6-MAN & 7-DSG	7-DSG & 7-DSG (4x4)
Fuel consumption	5.1–5.8 l	1.2–1.5 l	5.7–5.9 l	7.2–7.5 l	3.9–4.6 l	4.6–5.2 l
CO ₂ emissions	117–132 g	28–33 g	129–135 g	165–170 g	103–121 g	121–137 g

Fuel & CO₂ values starts from min. to max., based on transmission and body type
 Fuel consumption: [l/100 km] or [m³/100 km] CO₂ emissions: [g/km]
 PHEV (electric) is combined with petrol engine

Key selling points

Virtual cockpit

A perfect overview is provided by the Virtual Cockpit, which can display on-board computer specifications in combination with other information. You can choose from five layouts controlled via the View button on the multifunctional steering wheel.

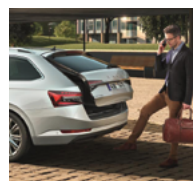

9,2" Multifunction inset display

Choose from three modern infotainment systems with the perfectly sized 8.0in to 9.2in displays. Their unobtrusive proportions, ergonomic location, and five display structure options are sure to thrill you. The first-rate system offers 3D navigation and gesture control, which will always help you reach your destination conveniently.

Matrix led lights

The full LED Matrix headlights are fitted with LEDs for all lighting functions. One brand new innovation is the matrix adaptive lighting, which can fade out other illuminated road users and prevent glare from objects with higher luminosity.

Virtual pedal

Good to know, even better to have! Are you carrying an armful of items to put in the luggage compartment while speaking on the phone? Then we offer you the next Simply Clever solution – the virtual pedal. Should your keys be buried deep in your pocket or bag, the trunk will open automatically at the swipe of a foot.

Area view

You will feel much more confident behind the steering wheel with four cameras that sense the space around the entire vehicle. The picture is transmitted in real time to the infotainment display so you can react quicker to whatever comes your way.

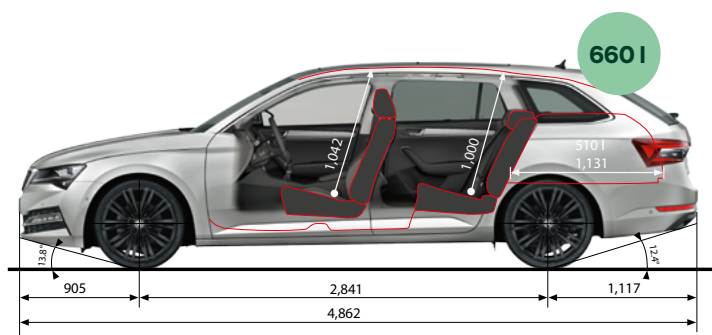

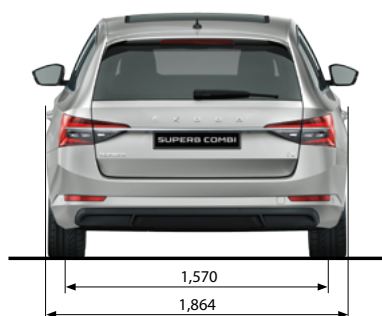

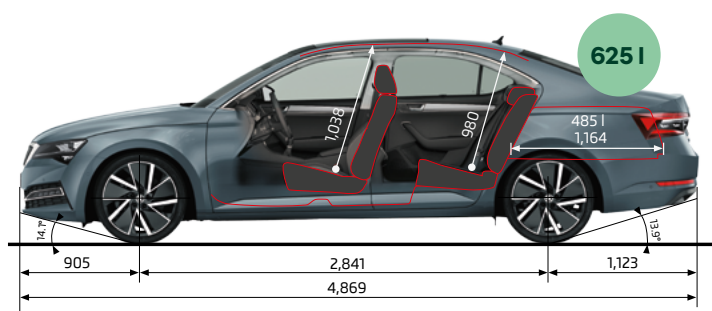

Travel assist

This system combines the functions of several assistants to ensure that you feel safe and comfortable no matter where you drive. For maximum safety, the system must be constantly monitored by the driver. If the driver is not fully engaged in driving, the capacitive steering wheel will detect this.

Connectivity

Dimensions

Storage pockets on the sides of the front seat back rests are designed for all the small items you may need at hand when driving, such as phone charger cables. The interior of the Superb is full of smart pockets such as this.

The luggage compartment excels in terms of practicality and easy access. By folding the rear seats, its volume increases to an unprecedented 1,760 l in the Limousine version. The Combi version has an additional adjustable double floor in the luggage compartment.

The electrically-adjustable driver seat with built-in memory can store three different positions. The massage function is optional. This superior level of comfort is always accompanied by ventilated front seats, upholstered in perforated leather.
